**The Complete  
Personal  
Companion™  
User's Guide**

- Boot up your computer from either the hard drive or using a DOS diskette as usual.
- Make a back-up copy of your newly purchased PERSONAL COMPANION™ program disk.
- Assuming that you will be working from the A drive, insert the back-up copy in the A drive.
- At the DOS prompt type: **A:** and press **ENTER** (if disk in B drive, type **B:** and **ENTER**).
- At the **A>** type: **GO** and press **ENTER** (if disk in B drive, at **B> GO** and **ENTER**).
- Read the opening screens. Then, at the installation menu, print or view the available documentation (your option), install the program to the drive of your choice, and run the program as described...it's that easy!
- Should the program fail to install or operate as you expect...call us right away! We can help! (517) 393-8100 (9:00 a.m.-5:00 p.m. EST weekdays).
